VOTING RECORDS

On the state political scene few sources offer information as rich and varied as the bills and voting records of the state legislatures. Yet, no handy access is available. FOCUS/Midwest prepared this special issue not only as an aid to students of politics, but also to help residents of Missouri and Illinois to check the records of their legislators. With this dual purpose in mind, votes for coverage were selected on the basis of their sociopolitical content and how well they reflect the ideologies of area legislators. An amendment to a bill might be cited, for example, while the bill itself is not.

All regular features of FOCUS/Midwest will be offered again in the coming issue.

States

The following votes were obtained from the official records of the 75th Illinois General Assembly and the 74th Missouri General Assembly, which both met in 1967. Bills which died in committee or on the floor without coming to a vote in at least one house were not considered for inclusion. Important bills which were approved unanimously were described but not recorded in the vote columns.

we, the members of the McCarthy-for-President Committee believe that the nomination and election of

EUGENE J. McCARTHY

will offer Americans creative alternatives to the current perilous conduct of American foreign policy. It is also our belief that Senator McCarthy will redirect American resources into the inner cities with the goal of permanently solving the shame of American poverty. If you agree, you can help by collecting the names and contributions of other supporters and mail them to the McCarthy-for-President Committee nearest your residence:
